SECTION 4.04. RECAPTURE OF FINANCIAL ASSISTANCE. (A) General. The failure of the Company to satisfy the Employment Obligation in a particular year shall subject the Company to the obligation to make a Recapture Payment to the Agency, provided that the Company has not satisfied the Employment Obligation during the Cure Period. The Company shall be deemed to have failed to satisfy its Employment Obligation as of the beginning of the year subsequent to the year for which the Company files an AER if the total number of FTEs shown on such report for the applicable year is less than 80% of the applicable Employment Obligation for said year (Recapture Payments are only required if the Shortfall is more than 20% of the Employment Obligation).

written response to the Agency's determination and to request a written and/or oral presentation to the Agency as to why the Company should not be obligated to remit the proposed Recapture Payment to the Agency. The Company may make its presentation at a meeting of the Agency. The Agency shall then vote on a resolution confirming whether a Recapture Payment is due and owing.

SECTION 4.05. LATE PAYMENTS. (A) One Month. If the Company should default in performing any of its obligations, covenants or agreements under this Uniform Agency Project Agreement and the Agency should employ attorneys or incur other expenses for the collection of any amounts payable hereunder or for the enforcement of performance or observance of any obligation, covenant or agreement on the part of the Company herein contained, the Company agrees that it will, on demand therefor, pay to the Agency within thirty (30) days not only the amounts adjudicated due hereunder, together with the late payment penalty and interest due thereon, but also the reasonable fees and disbursements of such attorneys and all other expenses, costs and disbursements so incurred, whether or not an action is commenced.

No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Uniform Agency Project Agreement or now or hereafter existing at law or in equity or by statute.

(B) Delay. No delay or omission in exercising any right or power accruing upon the occurrence of a Recapture Event or an Event of Default hereunder shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient.

(C) Notice Not Required. In order to entitle the Agency to exercise any remedy reserved to it in this Uniform Agency Project Agreement, it shall not be necessary to give any notice, other than such notice as may be expressly required in this Uniform Agency Project Agreement.

(D) No Waiver. **LABOR POLICY**

**Saratoga County Industrial Development Agency  
Declaration of Motivation  
For the Employment of Local Tradespeople  
During the Construction Phase of IDA-Benefited Projects**

The County of Saratoga Industrial Development Agency (IDA), formed pursuant to Section 856 of the New York State Industrial Development Act (the "Act"), was created for the purpose of promoting employment opportunities for and the general prosperity and economic welfare of Saratoga County residents. The IDA is authorized by Section 858 of the Act to enter into agreements requiring payments in lieu of taxes ("PILOT Agreements") with private companies in order to facilitate the location or the expansion of their businesses in Saratoga County. A PILOT Agreement essentially extends, either in whole or in part, an IDA's exemption from real property and other taxes to private companies participating in IDA programs.

Construction jobs, although limited in time duration, are vital to the overall employment opportunities within Saratoga County since construction wages earned by local residents are reinvested in the local economy, adding greatly to its vitality. It is the IDA's strong conviction that companies benefiting from its programs should employ New York State residents during the construction phase of projects. Only in that way can the public benefits accruing from the IDA's efforts be maximally distributed to the residents and taxpayers of Saratoga County. It is, therefore, the request of the IDA that firms benefiting from its programs be fully cognizant of the IDA's mission to promote employment opportunities during all project phases, including the construction phase.

The IDA hereby declares its right to request companies benefiting from its programs to engage Saratoga County residents in and during the project construction phase through the addition of an amendment to the IDA project application requiring applicants, prior to and during the construction phase of the development project, to:

1. Identify the name, title, mailing address, phone/FAX/E-Mail of the project contact person who will be responsible and accountable for providing information about the bidding for and awarding of future construction contracts relative to the application and project.
2. Describe, in the best way possible, the nature of construction jobs created by the project. The description should provide as much detail as possible, including the number, type and duration of construction positions.
3. Submit to the IDA a "Construction Completion Report" listing the names and business locations of prime contractors, subcontractors and vendors who have been engaged for the construction phase of the project by companies benefiting from IDA programs.

In turn the IDA will:

1. Post all applications approved for a public hearing to its web site ([www.saratogacountyida.org](http://www.saratogacountyida.org)) within two business days of such authorization.
2. Following the public hearing and after Agency approval has been granted for an inducement resolution, the website will be promptly updated for all current data.
3. Reserve the right to modify and/or rescind benefits granted to any company under the IDA's Uniform Tax Exemption Policy for the failure to comply with any of the provision listed herein.

## **PARK PLACE ON THE PENINSULA**

### **4 - UTEP-PROJECT NARRATIVE**

#### **INTRODUCTION**

Park Place on the Peninsula is a Planned Unit Development project to be located on the former Krause's Restaurant and Grove property along the Mohawk River in the Town of Halfmoon. The project will be a Riverfront revitalization project that currently has full approval for the construction of 244 dwelling units, offices, and club house all contingent on the project constructing a nearly 3-mile sanitary sewer to an area already within the Saratoga County Sewer District #1 that has never actually had sewer infrastructure. Once constructed the new sewer will be dedicated to the Saratoga County Sewer District #1. There are many benefits to the larger community associated with this project. These include:

1. Revitalization of this underutilized riverfront commercial property, bringing its taxable value back-up to a highest and best use from its current shuttered and vacant use status.
2. Construction of a new 3-mile sewer line and wastewater pump station to service portions of the Town of Halfmoon that will front on commercial and residential properties currently all on septic systems.
3. Construction of an additional gravity sewer on a portion of Canal Road that will be tied into the new pump station which will allow for the future extension of the County sewer along Canal Road to NYS Route 9 by the County and Town.
4. Residential homes along the sewer route may also tie into the sewer thus replacing many failing septic systems and improving the overall environmental conditions along the route. This will bring a health, safety and welfare improvement to the larger community.
5. Reconstruct the portion of Canal Road from Beach Road to the project that is within the Mohawk River floodplain to improve flood resiliency reducing flood impacts to this Town infrastructure.
6. Abatement of National Grid transformers and asbestos in structures on the former commercial property.
7. The project will also greatly increase the taxable value of the property. The targeted end user population for the project include empty nester's, single's, couples, and young professionals. The project does not target large families as dwellings are all smaller square footage one- and two-bedroom units. This limits the demand on the local school district.
8. Construction of a public park that provides access to the riverfront and links back to the canal trail system.

9. The project supports private sector employment both during the construction of the asset.
10. Will provide operational employment for those working directly for the complex (management and maintenance); as well as for those companies who would be under contract for mowing & grounds maintenance, plowing, salting and snow removal, electrical and plumbing services, pool maintenance, community room and fitness center cleaning, etc.
11. The project will also be the catalyst for the extension of Natural Gas service in the area around the project and the extension of 3-Phase electrical power. Gas service will be accessible to a significant number of properties along Canal road east to NYS Route 9 and additional portions of Beach Road.
12. In addition the project will provide residential housing options meeting a growing demand in the market for alternates to traditional home ownership. In doing this the property will bring additional residents to the community adding consumers to increase sales tax revenue from local businesses.

## PROJECT PILOT NEED

The project Owner/Investor started construction on the infrastructure for the project in the Spring of 2020 but had to stop due to complications with the Covid 19 Pandemic. The impact of Pandemic has created unique hardships for the development industry.

- 3 to 4-million off-site utility improvements for the sewer extension (Dependent on amount of bedrock removal needed during construction).
- Disproportionate amount of site work needed to redevelop the property into a vibrant revitalized waterfront development - this includes flood resiliency, earthwork well above normal levels and a desire to greatly enhance the aesthetics of the grounds of the property and the scenic riverfront.
- Unforeseen repercussions of the pandemic.
  - Unprecedented material cost increases - lumber, pipe, appliances, etc.
  - Material supply chain disruptions limiting access to products.
  - Uncertainty relative to municipal tax revenue.
  - Inflation pressure (the uncertainty of rising interest rates)
  - Banking underwriting has become significantly more difficult.
  - Significant shortfall in skilled labor and related wage increases.
  - Due to future uncertainty in the market we are building 150 units instead of 244 units. As such, all off-site and on-site costs must be amortized by the reduced initial project density.

This Pilot request is needed to offset these development costs.

***It is important to point out that in the sites current condition, the property generates under \$16,500/year in taxes.***

## **SARATOGA COUNTY IDA PROJECT BENEFIT CRITERIA**

The project at hand is a form of commercial development. It will provide a new three-quarter acre Town Park with a fishing pier, picnic area, shade structure, off-street parking, ornamental pathway lighting, landscaping and a large stone setting wall using stones reminiscent of the historic canal blocks. This park will be deeded to the Town of Halfmoon upon completion of construction. The project will also provide numerous construction phase jobs, long term permanent jobs, demand for local service providers and will attract new residents to the community adding to the available county work force and the number of consumers in the county of goods and services. It will also construct a new public utility adding to the asset value and related ratables for the Saratoga County Sewer District #1.

The project will meet the following IDA benefit criteria goals:

- **Jobs created: salaries, benefits, payroll and importance to local economy.** – The project will increase employment demand for the community. During construction there will be a significant increase in demand for design and construction related jobs. At current planned build out of 150 dwellings roughly 225,000 SF of new construction will be built. Total construction jobs are anticipated to be approximately 50 plus Full Time Equivalent (FTE's).

Long term job creation is estimated at between 3 to 6 FTE's.

Another significant amount of new employment will be generated through the support industry for the properties upkeep. Vendors at the site will include contracts for lawn and landscaping, snow removal, cleaning service, service contracts for site lighting and life-safety generators, garage collection, power and communications, plus contracts for unit transition services normally including a painting contractor, carpenter, carpet and flooring provider and installer and appliance vendor. Other vendor contracts include paving contractors, service contracts for the community pool, and other longer-term capital improvements including roofing, siding, sidewalks, etc.

- **Jobs retained: salaries, benefits, payroll and importance to local economy** – As noted the property was in use until 2018 as Krause's Restaurant and Grove. This long-time local business is memorialized as part of the history of the Town of Halfmoon and seasonally employed upwards of 30 FTE's. Bringing the property back into a productive use will restore the properties contribution to the local job force and its economic benefit to the larger community through its planned adaptive re-use.

- Capital Investment- The project includes the construction of roughly 225,000 SF of new construction. However, the project is temporarily on hold due to Covid 19 Pandemic related complications that may extend out long after the pandemic itself is over. In 2021 we are now also seeing a significant rise in material costs, long lead times on the supply chain side and shortfalls in skilled labor. Uncertainty on the threshold for property related taxes makes estimations of capital outlay needs with lending institutions unpredictable. Other community actions in this regard further reinforces that this uncertainty is real and not to be dismissed as being a short-term impact. Tax increases once imposed rarely decrease in ensuing years and can become permanent unanticipated burdens to an investor. Current investment and lending arrangements for this project are on hold and will continue to stop the advancement of this project without some form of PILOT or similar tax agreement in place to protect lenders from these unknowns.
- Impact of project on existing business or segment of local economy. – Clearly this project will have a significant positive impact on the local construction industry as it will be one of the largest site redevelopment projects in Saratoga County. Beyond the construction industry, the project will also improve the property values of adjacent properties through the introduction of nearly three miles of public sewer and the provision of additional dry sewer to allow for expansion of the sewer infrastructure in the future. Without this project there will not be a new sewer utility. Currently the costs associated with this infrastructure are making the project financially risky within a very risk adverse commercial leading environment.
- Impact of project on public infrastructure and services. In addition to the new sewer noted above that will help mitigate groundwater contamination in the community by taking failing septic systems off-line, the project will also be the catalyst for the extension of Natural Gas service in the area around the project and the extension of 3-Phase electrical power. In addition the project includes reconstructing a portion of Canal Road that is within the 100-year floodplain. This will improve the future resiliency of this transportation infrastructure.
- The Project involves redevelopment of distressed or underutilized property. Previously it was noted that the former Krause's Restaurant and Grove ceased operations at the end at the summer of 2018. After that, the site became more of a liability to the community than a cherished memory of times spent by many within the larger Capital District for large corporate events, family reunions, large picnics, weddings, and other social events. The site had numerous old camp structures, the former restaurant and the former 20,000 SF picnic pavilion that were in various states of degradation. Many of the structures have asbestos material needing abatement prior to removal. The site also had numerous old septic tanks and leach fields. C&D material also existed on the site from older building demolitions that had not been fully removed. The cost for cleaning up the property exceeded the value that could be expected from the sale of equipment and other property assets when the business closed its doors. Without the redevelopment of the site, the clean-up of the property would not be possible.

The Park Place on the Peninsula project will be a very beneficial project in Saratoga County. Park Place on the Peninsula believes that the conditions outlined above demonstrate that it

meets the criteria for commercial expansion under the IDA assistance criteria. In particular, the project narrative:

1. Demonstrates that Industrial Development Agency assistance will induce the location of the project in Saratoga County.
2. Demonstration that there is a community need for the project and the economic benefits it represents including public utilities and a Town Park.
3. Demonstration that the project will not cause substantial disruption of existing employment at similar facilities in Saratoga County.
4. Demonstration that the project will provide employment for Saratoga County residents and will provide a service which is demonstrated to be in the best interest of the public and the taxpayer with limited burden on the school district.
5. Demonstration that the project involves the development of new facilities including new infrastructure in the County.

## **CONCLUDING REMARKS**

In summary we offer the following:

- The project will take a previously successful commercial property that is now shuttered and bring it back to an even higher benefiting commercial use generating future tax revenue way in excess of its historic tax generation, even with the benefit of this PILOT request.
- The redevelopment of the property will take a distressed property and breathe new life into it, removing environmental hazards on the site, revitalizing the property and greatly improving the visual beauty of this waterfront commercial property.
- The ability to construct the project has been greatly impacted by the Covid 19 pandemic, material costs are up, and supply is uncertain.
- The project does offer significant benefits to the region – significant increase in demand for construction phase jobs, long term job creation for site management, ancillary job creation and stability through the increased demand for goods and services at the property,
- Infrastructure improvements will benefit the larger region with the introduction of a new sanitary sewer pump station, nearly three miles of new and/or improved municipal sewers in areas plagued with existing undersized and failing septic systems all at the expense of the project sponsor.
- The uncertainty of the cost for constructing the off-site sewer and the unpredictability of future municipal tax base revenue have lenders hesitant to finance the project. Budget stability needs to be shored up on the project through construction and until the project reaches stability. This significant unknown has stopped the project and without a PILOT or some other form of Tax agreement, the project will not advance as was planned for 2021.

Thank you for your consideration of our application.

Respectfully,

## ARTICLE II

### COVENANTS AND AGREEMENTS

#### SECTION 2.01. TAX-EXEMPT STATUS OF PROJECT FACILITY.

(A) Assessment of Project Facility: Pursuant to Section 874 of the Act and Section 412-a of the Real Property Tax Law, the parties hereto acknowledge that, upon acquisition of the Project Facility by the Agency, and for so long thereafter as the Agency shall own the Project Facility, the Project Facility shall be assessed by the various taxing entities having jurisdiction over the Project Facility, including, without limitation, any county, city, school district, town, village or other political unit or units wherein the Project Facility is located (such taxing entities being sometimes collectively hereinafter referred to as the "Taxing Entities", and each of such Taxing Entities being sometimes individually hereinafter referred to as a "Taxing Entity") as exempt upon the assessment rolls of the respective Taxing Entities prepared subsequent to the acquisition by the Agency of title to the Project Facility. The Company shall promptly, following acquisition by the Agency of title to the Project Facility, cooperate to ensure that the Project Facility is assessed as exempt upon the assessment rolls of the respective Taxing Entities prepared subsequent to such acquisition by the Agency, and for so long thereafter as the Agency shall own the Project Facility, the Company shall take such further action as may be necessary to maintain such exempt assessment with respect to each Taxing Entity. The Agency will cooperate with the Company and will take all action as may be necessary (subject to the provisions of Section 3.01 hereof) to preserve the tax exempt status of the Project Facility. The parties hereto acknowledge that the Project Facility shall not be entitled to such exempt status on the tax rolls of any Taxing Entity until the assessment roll corresponding to the Taxable Status Date of March 1, 2024 is prepared and filed. Pursuant to the provisions of the Lease Agreement, the Company will be required to pay to the appropriate Taxing Entity all taxes and assessments lawfully levied and/or assessed by the appropriate Taxing Entity against the Project Facility, including taxes and assessments levied for the current tax year and all subsequent tax years until the Project Facility shall be entitled to exempt status on the tax rolls of the appropriate Taxing Entity.

(B) Special Assessments: The parties hereto understand that the tax exemption extended to the Agency by Section 874 of the Act and Section 412-a of the Real Property Tax Law does not entitle the Agency to exemption from special assessments and special ad valorem levies. Pursuant to the Lease Agreement, the Company will be required to pay to the appropriate Taxing Entity all special assessments and special ad valorem levies lawfully levied and/or assessed by the appropriate Taxing Entity against the Project Facility.

SECTION 2.02. PAYMENTS IN LIEU OF TAXES.

(A) Agreement to Make Payments: The Company agrees that it will make annual payments in lieu of real estate taxes with respect to the Project Facility to the Agency in the amounts hereinafter provided for redistribution to the respective Taxing Entities in proportion to the amounts which said Taxing Entities would have received had not the Project Facility been acquired and owned by the Agency.

(B) Amount of Payments in Lieu of Taxes:

(1) (a) On February 15, 2025, a payment in lieu of real estate taxes shall be due, owing and payable by the Company to the Agency on account of town and county taxes (tax year 225) and school taxes (tax year 2024-25) for the Project Facility with respect to each appropriate Taxing Entity in an amount to be determined by multiplying (i) the Initial Assessed Value of the Project Facility by (ii) the tax rate or rates of such Taxing Entity applicable to the Project Facility for the current tax year of such Taxing Entity

(b) Commencing on February 15, 2026 and continuing on February 15 of each year thereafter up to and including February 15, 2035, payments in lieu of real estate taxes shall be due, owing and payable by the Company to the Agency on account of town and county taxes and school taxes for the Project Facility with respect to each appropriate Taxing Entity in the amounts set forth below for the date in question:

Date	Amount Due	Relating to School/Town (+ County) Tax years
February 15, 2026	\$20,568.00	2025-26 School/2026 Town-County
February 15, 2027	\$20,568.00	2026-27 School/2027 Town-County
February 15, 2028	\$20,568.00	2027-28 School/2028 Town-County
February 15, 2029	\$45,000.00	2028-29 School/2029 Town-County
February 15, 2030	\$53,000.00	2029-30 School/2030 Town-County
February 15, 2031	\$55,000.00	2030-31 School/2031 Town-county
February 15, 2032	\$60,000.00	2031-32 School/2032 Town-County
February 15, 2033	\$65,000.00	2032-33 School/2033 Town-County
February 15, 2034	\$70,000.00	2033-34 School/2034 Town-county
February 15, 2035	\$75,000.00	2034-35 School/2035 Town-County

(c) If the Lease Agreement remains in effect, Commencing February 15, 2036 and continuing on each February 15 thereafter for such time as this Agreement is in effect, payments in lieu of real estate taxes shall be due, owing and payable by the Company to the Agency on account of town and county taxes and school taxes for the Project Facility with respect to each appropriate Taxing Entity in an amount to be determined by multiplying (i) the Assessed Value of the Project Facility by (ii) the tax rate or

rates of such Taxing Entity applicable to the Project Facility for the current tax year of such Taxing Entity. The Company shall not be responsible for double tax payments associated with this Agreement and the restoration of the Project Facility to the assessment roll under Section 520 of the New York State Real Property Law.

(3) (a) For purposes of this Section 2.02: (i) “Initial Assessed Value” shall mean the Assessed Value (determined in accordance with subparagraph (a) (ii) of this Section 2.02 (B) (3)) of the Land (without regard to the Facility) as of the date hereof; and

(ii) the “Assessed Value” of the Project Facility or the Facility, as applicable, shall be determined by the appropriate officer or officers of the Taxing Entity responsible for assessing properties in each Taxing Entity (said officer or officers being hereinafter collectively referred to as the “Assessor”). The Assessor shall (a) appraise the Facility and/or the Project Facility, as applicable, (excluding, where permitted by law, personal property) in the same manner as other similar properties in said Taxing Entity and (b) place a value for assessment purposes upon the Facility and/or the Project Facility, as applicable, equalized if necessary by using the appropriate equalization rates as apply in the assessment and levy of real property taxes.

(b) If the Company is dissatisfied with the amount of Assessed Value as initially established or as changed, the Company may pursue review of the Assessed Value under Article 7 of the New York State Real Property Tax Law or any other law or ordinance then in effect relating to disputes over assessed valuation of real property in the State of New York, and may take any and all other action available to it at law or in equity, for a period of seven (7) years from the date such Assessed Value is initially established or changed. IF THE COMPANY FAILS TO PURSUE REVIEW OF (i) THE INITIALLY ESTABLISHED ASSESSED VALUE, DURING THE SEVEN (7) YEAR PERIOD FOLLOWING SUCH ESTABLISHMENT, OR (ii) ANY CHANGE IN ASSESSED VALUE, DURING THE SEVEN (7) YEAR PERIOD FOLLOWING ANY SUCH CHANGE, THE COMPANY SHALL BE DEEMED TO HAVE WAIVED ANY RIGHT TO CONTEST OR DISPUTE SUCH ASSESSED VALUE AT ANY TIME FOR A THREE (3) YEAR PERIOD COMMENCING MARCH 1, 2036 NOTWITHSTANDING ANYTHING IN THE NEW YORK STATE REAL PROPERTY TAX LAW TO THE CONTRARY. THIS SEVEN (7) YEAR LIMITATION SHALL APPLY TO EACH AND EVERY ASSESSMENT MADE DURING THE PERIOD THAT THE AGENCY HOLDS TITLE TO THE PROJECT FACILITY, AND SHALL BE FOR THE BENEFIT OF THE AGENCY AND THE OTHER TAXING ENTITIES. The Agency hereby irrevocably appoints the Company its attorney-in-fact and agent (coupled with an interest) for the purpose of commencing any proceeding, preparing and filing all documents and taking any and all other actions required to be taken by Agency, necessary or desirable, in the opinion of the Company, to contest or dispute any Assessed Value within such periods; provided, however, that the Agency shall incur no expense or liability in connection with any action taken or omitted to be taken by its attorney-in-fact and agent.

(c) The Company will file with the appropriate officer the filing required under Section 412-a (2) of the Real Property Tax Law of New York State on or before March 1, 2024. THE COMPANY ACKNOWLEDGES THAT THE FAILURE TO FILE SUCH FORM BY THE DATE INDICATED WILL RESULT IN A NULLIFICATION OF THE TERMS OF THIS AGREEMENT.

(4) Additional Amounts in Lieu of Taxes: Commencing on the first tax year following the date on which any structural addition shall be made to the Project Facility or any portion thereof or any additional building or other structure shall be constructed on the Land (such structural additions and additional buildings and other structures being hereinafter referred to as “Additional Facilities”), the Company agrees to make additional annual payments in lieu of property taxes (such additional payments being hereinafter collectively referred to as “Additional Payments”) to the Receivers of Taxes with respect

to such Additional Facilities, such Additional Payments to be computed separately for each Taxing Entity as follows:

(1) Determine the amount of general taxes and general assessments (hereinafter referred to as the "Normal Tax") which would be payable to each Taxing Entity if such Additional Facilities were owned by the Company and not the Agency by multiplying (a) the additional Assessed Value of such Additional Facilities determined pursuant to subsection (B)(3) of this Section 2.02, by (b) the tax rate or rates of such Taxing Entity that would be applicable to such Additional Facilities if such Additional Facilities were owned by the Company and not the Agency, and (c) reduce the amount so determined by the amounts of any tax exemptions that would be afforded to the Company by such Taxing Entity if such Additional Facilities were owned by the Company and not the Agency.

(2) In each calendar year during the term of this Agreement (commencing in the calendar year when such Additional Facilities first appear on the assessment roll of any Taxing Entity), the amount payable by the Company to the Receivers of Taxes on behalf of each Taxing Entity as a payment in lieu of property tax with respect to such Additional Facilities pursuant to this Agreement shall be an amount equal to one hundred percent (100%) of the Normal Tax due each Taxing Entity with respect to such Additional Facilities for such calendar year (unless the Agency and the Company shall enter into a separate written agreement regarding payments in lieu of property taxes with respect to such Additional Facilities, in which case the provisions of such separate written agreement shall control).

SECTION 2.03. INTEREST. If the Company shall fail to make any payment required by this Agreement when due, its obligation to make the payment so in default shall continue as an obligation of the Company until such payment in default shall have been made in full, and the Company shall pay the same together with late fees and interest thereon equal to the greater of (A) any late fees and interest which would be applicable with respect to each Taxing Entity were the Project Facility owned by the Company and not the Agency and (B) the late fees and interest prescribed by subsection (5) of Section 874 of the General Municipal Law of the State of New York (or any successor statute thereto).

### ARTICLE III

#### LIMITED OBLIGATION OF THE AGENCY

##### SECTION 3.01. NO RECOURSE; LIMITED OBLIGATION OF THE AGENCY.

(A) No Recourse: All covenants, stipulations, promises, agreements and obligations of the Agency contained in this Agreement shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Agency and not of any member, officer, agent, servant or employee of the Agency in his individual capacity, and no recourse under or upon any obligation, covenants or agreement contained in this Agreement, or otherwise based upon or in respect of this Agreement, or for any claim based thereon or otherwise in respect thereof, shall be had against any past, present or future member, officer, agent (other than the Company), servant or employee, as such, of the Agency or any successor public benefit corporation or political subdivision or any person executing this Agreement on behalf of the Agency, either directly or through the Agency or any successor public benefit corporation or political subdivision or any person so executing this Agreement, it being expressly understood that this Agreement is a corporate obligation, and that no such personal liability whatever shall attach to, or is or shall be incurred by, any such member, officer, agent (other than the Company), servant or employee of the Agency or of any successor public benefit corporation or political subdivision or any person so executing this Agreement under or by reason of the obligations, covenants or agreements contained in this Agreement or implied therefrom; and that any and all such personal liability of, and any and all such rights and claims against, every such member, officer, agent (other than the Company), servant or employee under or by reason of the

obligations, covenants or agreements contained in this Agreement or implied therefrom are, to the extent permitted by law, expressly waived and released as a condition of, and as a consideration for, the execution of this Agreement.

(B) Limited Obligation: The obligations and agreements of the Agency contained herein shall not constitute or give rise to an obligation of the State of New York or the County of Saratoga, New York, and neither the State of New York nor the County of Saratoga, New York shall be liable thereon, and further such obligations and agreements shall not constitute or give rise to a general obligation of the Agency, but rather shall constitute limited obligations of the Agency payable solely from the revenues of the Agency derived and to be derived from the lease, sale or other disposition of the Project Facility (except for revenues derived by the Agency with respect to the Unassigned Rights).

(C) Further Limitation: Notwithstanding any provision of this Agreement to the contrary, the Agency shall not be obligated to take any action pursuant to any provision hereof unless (1) the Agency shall have been requested to do so in writing by the Company, and (2) if compliance with such request is reasonably expected to result in the incurrence by the Agency (or any of its members, officers, agents, servants or employees) of any liability, fees, expenses or other costs, the Agency shall have received from the Company security or indemnity and an agreement from the Company satisfactory to the Agency to defend and hold harmless the Agency against all such liability, however remote, and for the reimbursement of all such fees, expenses and other costs.

#### ARTICLE IV

##### EVENTS OF DEFAULT

SECTION 4.01. EVENTS OF DEFAULT. Any one or more of the following events (hereinafter an "Event of Default") shall constitute a default under this Agreement:

(A) Failure of the Company to pay any amount due and payable by it pursuant to this Agreement and continuance of said failure for a period of ten (10) days after written notice to the Company stating that such payment is due and payable;

(B) Failure of the Company to observe and perform any other covenant, condition or agreement on its part to be observed and performed by it hereunder (other than as referred to in paragraph (A) above) and continuance of such failure for a period of thirty (30) days after written notice to the Company specifying the nature of such failure and requesting that it be remedied; provided that if such default cannot reasonably be cured within such thirty (30) day period, and the Company shall have commenced action to cure the breach of such covenant, condition or agreement within said thirty (30) day period and thereafter diligently and expeditiously proceeds to cure the same, such thirty (30) day period shall be extended for a period not to exceed sixty (60) days from the date of receipt by the Company of such notice; or

(C) Any warranty or representation by the Company contained in this Agreement shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement and such falsity or incorrectness has a material adverse affect on the Company's ability to perform its obligations under this Agreement.

SECTION 4.02. REMEDIES ON DEFAULT. Whenever any Event of Default shall have occurred and be continuing with respect to this Agreement, the Agency may take whatever action at law or in equity as may appear necessary or desirable to collect the amount then in default or to enforce the performance and observance of the obligations, agreements and covenants of the Company under this Agreement including, without limitation, the exercise by the Agency of the remedy set forth in subsections (A)(3) and (A)(4) of

Section 10.2 of the Lease Agreement. Each such Event of Default shall give rise to a separate cause of action hereunder and separate suits may be brought hereunder as each cause of action arises. The Company irrevocably agrees that any suit, action or other legal proceeding arising out of this Agreement may be brought in the courts of the State of New York, consents to the jurisdiction of each such court in any such suit, action or proceeding, and waives any objection which it may have to the laying of the venue of any such suit, action or proceeding in any of such courts.

SECTION 4.03. PAYMENT OF ATTORNEY'S FEES AND EXPENSES. If an Event of Default should occur and be continuing under this Agreement and the Agency should employ attorneys or incur other reasonable expenses for the collection of any amounts due and payable hereunder or for the enforcement of performance or observance of any obligation or agreement on the part of the Company herein contained, the Company agrees that it will, on demand therefor by the Agency, reimburse the Agency for the reasonable fees and disbursements of such attorneys and such other reasonable expenses so incurred, whether or not an action is commenced.

SECTION 4.04. REMEDIES; WAIVER AND NOTICE.

(A) No Remedy Exclusive: Notwithstanding anything to the contrary contained herein, no remedy herein conferred upon or reserved to the Agency or the Company is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute.

(B) Delay: No delay or omission in exercising any right or power accruing upon the occurrence of an Event of Default hereunder shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient.

(C) Notice Not Required: In order to entitle the Agency to exercise any remedy reserved to it in this Agreement, it shall not be necessary to give any notice, other than such notice as may be expressly required in this Agreement.

(D) No Waiver: In the event any provision contained in this Agreement should be breached by any party and thereafter duly waived by the other party so empowered to act, such waiver shall be limited to the particular breach so waived and shall not be deemed to be a waiver of any other breach hereunder. No waiver, amendment, release or modification of this Agreement shall be established by conduct, custom or course of dealing.
