Rodney Sutton, Chair
 Saratoga County Industrial Development Agency
 50 West High Street
 Ballston Spa, NY 12020

Dear Mr. Sutton:

We appreciate the continued support and endorsement of our project, which will allow us to continue to expand our presence in Saratoga County and neighboring counties. I would offer the following clarifications to board questions issued at the 8/20/24 public hearing.

1. In our application we have accounted for only projected job creation for MR2 employees and not the proposed tenant. It is however possible that the future tenant will also create additional jobs, however this is not included in the below projections. Due to their type of business, it is likely that only 1-2 additional jobs would be created. However, the tenant will retain 2 salaries of business owners within the county for a minimum of 5 years. Please see the three-year job projections below indicating the of anticipated job growth for MR2 Construction Services, LLC.

Current and Planned Full Time Occupations in Company	Current Number Full Time Jobs Per Occupation	Estimated Number of Full Time Jobs After Completion of the Project		
		1 Year	2 Year	3 Year
Management	3	3	3	3
Professional	6	8	10	11
Administrative	1	1	1	3
Production	2	4	7	8
Total	12	16	21	25

I would like to note that the projection of **13 additional positions** in the next 3 years is conservative. Furthermore, If the company maintains its current growth projections, we will achieve annual revenues \$30-\$50 million within the next ten years. Construction firms of this size typically will employ 40-60 individuals, to execute the work.

The positions we are retaining and creating are significantly higher paying than the medium salary published in the 2023 annual report of "Performance of Industrial Development Agencies in New York State" by the New York state comptroller (\$40,000 created and \$45,000 retained). Our current Sr. Management positions range from \$145,000 -\$195,000 of which we have (3) full time positions. Our typical professional positions for both project Managers and Superintendents currently range from \$85,000 – \$140,000. Our trade labor is currently between \$58,000 and \$80,000. Our administrative positions range from \$45,000 to \$94,000.

MR2 continues to outgrow our existing space, Since the application we have had to hire 1 additional trades position and have committed to convert the (1) existing part time position into a full-time position November 4, 2024 at a salary of \$94,000.

It should be noted that the construction of the new facility will also create construction job growth the subcontractor trades as well as support local material suppliers within the county. Please reference the table below regarding projected temporary construction job projections.

Construction start date is estimated to be October 1, 2024 with occupancy to be taken on July 1, 2025

Construction Phase or Process	Duration of Construction Phase	# to be Employed
Earthwork	4 Months	5
Concrete	1 Month	10
Metal Building	2 Months	6
Plumbing	3 Months	3
HVAC	3 Months	3
Electric	4 Months	5

Finishes	3 Months	15

Construction Phase or Process	Duration of Construction Phase	# to be Employed
Glass & Glazing	2 weeks	3

2. Our proposed tenant, Life’s Great Hot Tub Company is primarily a wholesale hot tub distributor with direct-to-distributor delivery representing 75% of their business. Please note the business description as noted on the company’s website lifegreatspas.com/about-us/:

5 Old Stonebreak Rd
Malta, NY 12020
Phone: 518 -233-4119
Email: Matt@mr2constructionservices.com

Life's Great Spas Inc. has been providing quality-built spas for reasonable prices to our dealers and consumers in the USA, Canada, and Europe for the better part of the last 10 years.

They do engage in direct-to-consumer retail hot tub sales representing revenues of no more than 25% of the business on any given year. The proposed tenant space of 10,000 sf. will include not more than 25% sales floor area for these purposes. As the retail area for the tenant is comprised of only 2,500 sf this would only represent 8.28 % of the entire projects floor area.

Life's Great Spa is a family-owned business that call Saratoga County their home. They are another success story for small business which has chosen to grow here in Malta. The reality is that due to their success they have outgrown their existing lease space and are in need of a new home. Having Life's Great Spa's relocate to our planned facility guarantees the retention of the existing jobs, and sales tax for their products.

Please let me know if you have any additional questions regarding our proposed project.

Sincerely,

A handwritten signature in black ink that reads 'Matt Roberts'.

TO APPLICANTS

(Project Sponsor)

The County of Saratoga Industrial Development Agency was established by special act of the New York State Legislature in 1971.

Industrial Development Agencies were first legally authorized in 1969 when the New York State Legislature added a new Article 18-A to the General Municipal Law to provide for the establishment, by special act of the legislature, of local industrial development agencies as public benefit corporations.

Once established, a local industrial development agency is authorized to issue "taxable" industrial revenue bonds for the purposes of acquiring machinery, equipment, and other facilities deemed necessary or desirable in connection therewith, or incidental thereto, whether or not now in existence or under construction, which shall be suitable for manufacturing, warehousing, research, commercial or industrial purposes. Projects may also be financed through a "Straight Lease" transaction which may entail a conventional mortgage or other form of private financing.

Industrial Development Agencies offer attractive incentives to industry seeking new locations or expansion of existing facilities. The advantages to a business in financing a project through the Agency are substantial in providing the following:

- The project is exempt from real property taxes during the term of the bond issue and lease agreement. However, each project shall be required to enter into an agreement to pay a negotiated sum in lieu of taxes.
- Project related construction purchases and rentals as well as equipment purchases are exempt from state and local sales tax.
- A mortgage given by the Agency to secure project-related indebtedness is exempt from the state mortgage recording tax.

APPLICATION PROCEDURES

1. Completed application submitted to Agency with a check of \$250 for application fee.
2. Agency subcommittee meeting scheduled for initial project review.
3. A meeting will be scheduled between project applicant and representatives of the Agency to review supporting financial data relating to the applicant and the Project.
4. If the application is deemed appropriate for Agency financial assistance, a public hearing to be held in the host municipality is scheduled.
5. At least 10 days prior to the public hearing, notice of the hearing is published in a suitable newspaper and notice is given by mail to the chief executive officer of each affected taxing jurisdiction.
6. Following the close of the public hearing, the Agency will consider adoption of an inducement resolution which (1) grants preliminary authorization for the extension by the Agency of financial assistance for a project, (2) describes the financial assistance to be rendered, and (3) sets forth the conditions for final approval including, but not limited to, compliance by the Agency with the provisions of the new York State Environmental Quality Review Act.
7. Following drafting of the necessary financing documents and prior to the issuance of bonds or closing on conventional financing, the Agency will meet to adopt a bond resolution or financing resolution.
8. An administration fee will be due the Agency at closing.

It is the responsibility of the applicant to arrange for financing with respect to a given Agency project. Taxable bonds issued by the Agency are non-recourse to the Agency and the County of Saratoga and thus the credit-worthiness of a project is a factor solely of the applicant and the project itself.

The providing of financial assistance by the Agency triggers certain filing and/or reporting requirements with respect to employment and tax benefits received.

LABOR POLICY

**Saratoga County Industrial Development Agency
Declaration of Motivation
For the Employment of Local Tradespeople
During the Construction Phase of IDA-Benefited Projects**

The County of Saratoga Industrial Development Agency (IDA), formed pursuant to Section 856 of the New York State Industrial Development Act (the "Act"), was created for the purpose of promoting employment opportunities for and the general prosperity and economic welfare of Saratoga County residents. The IDA is authorized by Section 858 of the Act to enter into agreements requiring payments in lieu of taxes ("PILOT Agreements") with private companies in order to facilitate the location or the expansion of their businesses in Saratoga County. A PILOT Agreement essentially extends, either in whole or in part, an IDA's exemption from real property and other taxes to private companies participating in IDA programs.

Construction jobs, although limited in time duration, are vital to the overall employment opportunities within Saratoga County since construction wages earned by local residents are reinvested in the local economy, adding greatly to its vitality. It is the IDA's strong conviction that companies benefiting from its programs should employ New York State residents during the construction phase of projects. Only in that way can the public benefits accruing from the IDA's efforts be maximally distributed to the residents and taxpayers of Saratoga County. It is, therefore, the request of the IDA that firms benefiting from its programs be fully cognizant of the IDA's mission to promote employment opportunities during all project phases, including the construction phase.

The IDA hereby declares its right to request companies benefiting from its programs to engage Saratoga County residents in and during the project construction phase through the addition of an amendment to the IDA project application requiring applicants, prior to and during the construction phase of the development project, to:

1. Identify the name, title, mailing address, phone/FAX/E-Mail of the project contact person who will be responsible and accountable for providing information about the bidding for and awarding of future construction contracts relative to the application and project.
2. Describe, in the best way possible, the nature of construction jobs created by the project. The description should provide as much detail as possible, including the number, type and duration of construction positions.
3. Submit to the IDA a "Construction Completion Report" listing the names and business locations of prime contractors, subcontractors and vendors who have been engaged for the construction phase of the project by companies benefiting from IDA programs.

In turn the IDA will:

1. Post all applications approved for a public hearing to its web site (www.saratogacountyida.org) within two business days of such authorization.
2. Following the public hearing and after Agency approval has been granted for an inducement resolution, the website will be promptly updated for all current data.
3. Reserve the right to modify and/or rescind benefits granted to any company under the IDA's Uniform Tax Exemption Policy for the failure to comply with any of the provision listed herein.
